Bleatings
By the
OLD GOAT

WE WERE ROBBED after we were condemned...our house on Railway finally was reduced to ashes by the fire department. But before the torch was set to it we planned on salvaging the only thing worth carrying out, the water heater. When we went to pick it up someone had stolen the thing. Oh well, we really don't need hot water at The Press office.

WE DID REPORT the incident to the police department. Chief John Morgan suggested to us that we inform people who are facing condemnation to notify the PD before the tearing down commences. The police will check the premises regularly.

THIS WEEK'S ISSUE is brought to you through the cooperation of the Campbell High School Journalism class. When we asked the principal about the idea he was all for it. We contacted the Journalism instructor Miss Cassie Taul, and she was all for it. Just after she broke the news to the classes (Juniors and Seniors) we understand the students were all for it. So this issue is the result of their effort. We sincerely hope our readers enjoyed it. We plan on doing it again some time before the end of the year, unless circumstances beyond our control arise.

UNDER THE HEADING of "you can't win them all". We received a letter (signed) last week. We had planned on not using it. It was just to flattering...we blush awfully easy. But several days later we talked to a mother who gave us the impression that she could not see any value to her boy carrying a paper route. Naturally we disagreed. Our conversation with her prompted us to use just a portion of the letter.

"The carrier boy on our route is a most sincere and courteous little fellow and I am sure this prevails throughout the circulation zones. I think a newspaper route is one of the finest opportunities a youngster has in acquiring a basic foundation of the business world--and, how many, many great men have so proudly said at one time or another: I began my business ventures first on a newspaper route!"

So, again, thank you. And do carry on your wonderful projects at the Campbell Press.

WHERE ARE THE EASTER EGGS?-- Little Gaylene Jeffers, 162 Catalpa Lane, and Scott Stoops, 824 Bucknall Avenue, are a little early searching for Easter eggs, but the Easter bunny, (Carol Stender) will be down at the Campbell Park with a big supply on Saturday morning, March 28, at 10 a.m. for the second annual Easter egg hunt sponsored by the Campbell Chamber of Commerce. All youngsters in the community are invited.

Press features news by Campbell students

This week's issue of the Campbell Press features news reporting by Junior and Senior Journalism students of Campbell High School. They covered all phases of city government, including the last City Council meeting. They have written the news as they see it.

In anticipation of Public School Week the Press is happy to print their efforts. Miss Cassie Taul is the journalism instructor at Campbell High School.

Narrow bridge signs to be posted on Latimer

By Alan Liss

The Campbell City Council decided on the issue of the "Latimer Bridge" during its meeting on March 23. This bridge was partially demolished when a speeding car hit it last week and the issue of rebuilding it was the point of discussion. It was decided that placement of previous "narrow bridge" signs and additional signs be such that an early notice to drivers is given. A decision as to replacement of the bridge itself was postponed until further information was found, but the fact that the San Thomas Expressway will cause the elimination of this bridge will be a determining factor.

LISS

Road widening will increase speed limit

By Jim Corey

The second phase of the widening of Winchester Blvd. is now under way. Work has been started on clearing the right-of-way on the west side of the street from the Campbell Plaza to Sunnyoaks. The purpose of the construction is to make Winchester four lanes from Campbell to Los Gatos, where the road is presently widened.

One other possible benefit of the work will be the raising of the speed limit from its present 25 miles per hour to a more realistic 35.

COREY

Latimer Park residents still protest zoning

Councilman Edward J. Rogers asked the Campbell City Council to delay approving the zone change in the Latimer neighborhood from R-1 to Planned Development, due to the many protests from residents in the city. He asked that the decision be postponed until a new Council comes into office. "Otherwise," Rogers said, "the city may be footing the bill for several thousand dollars for a special election."

Mayor Peter Lico stated that the Planning Commission has gone over the matter for a long time. "I think we ought to give the ordinance a second reading and see what happens. I won't shirk my duty just because I have only two meetings left." Councilman Weitzel said, "I want to face the problem now, not pass it on to a new Council. It would be nine months before they could become familiar with the problem."

Mrs. Gordon Misner, 201 Sondra Way, told the Campbell Press that she was spearheading a plan to get the zoning ordinance put on the ballot for a special election.

Jean Drive called disgrace to city

Mrs. Terry Gibbons, 841 Jean Drive, Campbell, requested the Campbell City Council to investigate the condition of Jean Drive which she called "a disgrace to the city." She asked the staff's help in locating the owner of the apartments in which she resides in order that the tenants can be assured that the property will be "cleaned up."

Mrs. Gibbons and other residents of the street asked for "Better police protection to control vandalism and car clouting on the street." She also mentioned the fact that the area is to be condemned within 30 days by the County Health Department. City Attorney Joseph A. Bonacina assured Mrs. Gibbons that "we are alert to the situation" and that an investigation will be made. Councilman Edward Rogers requested that the City Manager look into the situation and make a report at the next meeting.

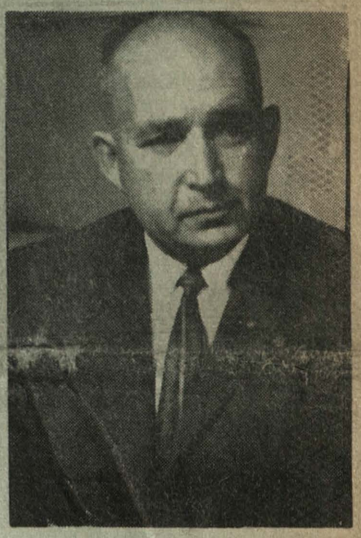
Empty gun was loaded; twelve year old shot

Twelve-year old Michael Caprino, 1264 Clover Avenue, is in fair condition at Campbell Community Hospital, following surgery for a bullet wound accidently inflicted by his friend, Kenneth R. Camp III, while the youngsters were playing in the bedroom of the Camp home, 1227 Central Avenue Monday night.

Campbell Police Officer Gary Thompson said Caprino was shot with a .32 caliber automatic held by Camp. The boys were in a group of youngsters in young Camp's bedroom and had removed the clip from the gun, leaving one shell in the chamber, Thompson said. The gun discharged, with the bullet entering the left side of the Caprino' boy's stomach. He was taken to Campbell Memorial Hospital. Camp is the son of Kenneth R. Camp, general contractor.

An Easter Message

This year's Easter message is presented by Reverend Edward Cunningham, pastor of the First Congregational Church of Campbell. Rev. Cunningham, a native Californian, has been pastor at the Congregational Church since January, 1961. He resides at 908 La Plata Plaza, Campbell. Prior to his service here, Rev. Cunningham was pastor of the Church of the Oaks in Monterey, Calif. He has had pastorates in four northwestern states: Washington, Oregon, Idaho and California. He received his training at LaVerne College in Southern California and did graduate work at the Pacific School of Religion in Berkeley. He was raised in Tulare, Calif. At one time he was professor of philosophy at Idaho State College. He is married and has two grown children, a son and a daughter.



Rev. Ed. Cunningham

WHAT IS EASTER ALL ABOUT?

Anne Bridge, in her novel Singing Waters, tells of a pilgrimage in the mountainous country of Albania to visit an isolated community at Easter time. In that mountain hamlet Easter was celebrated for three days, and it was a real festival. Costumes, dances, music, parades, pageantry - the whole works. One of the pilgrims in Miss Bridge's novel described it as "The Christian Church in full bloom."

Is that a good description of Easter?

Perhaps so. For certainly the Christian Church does bloom on Easter. Fifth avenue parades, fancy Easter bonnets, Easter lilies - these are all symbols of the bloom of Easter. And any look inside - if you can get inside - a church on Easter morning suggests again this blooming status. For full three times as many people attend church services on Easter than on "regular" Sundays.

Now we might be inclined to poke a bit of fun at this phenomenon, and indeed we do at times. Somebody is bound to make a crack about Easter hats, and some other ill-advised person is sure to suggest that people who attend church only on Easter are hypocrites. Sophisticated people will display their erudition by telling us that Easter is a pagan festival, and we are just keeping alive an old spring festival. "What do bunnies, lilies, and eggs have to do with Christianity?" - they will ask while looking down their noses at some of us who still enjoy Easter rabbits and egg hunts.

Before we knock it, let us take another look. Two things can be said - not in argument (for who wants to argue about Easter?), or in defense (for Easter needs no defending) - but in suggesting something of the meaning of Easter.

First, it is good that the Church breaks loose and shows its full flower. It is good for both the Church and the community. In spite of some movements to the contrary this is still essentially a Christian nation in which we live. The Church, the Synagogue, and the Temple are still basic in society. And this fact is certainly worth celebrating once per year! It

(continued on page 2)

Write-in campaign for Fairchild gets started

Lester (Les) W. Harmon, proprietor of the Campbell Realty Company, 1820 W. Campbell Avenue, has been named chairman of the "write-in campaign" to have Myron D. Fairchild, 85 W. Budd Avenue, former mayor, elected to the Campbell City Council. Fairchild, an investment broker, was elected to the City Council in 1956 and served for four years, part of that time as Mayor. He was also chairman of the "sister city campaign" for Campbell.

Serving on the committee for the "Fairchild write-in campaign" are Homer Hyde, Campbell Water Company; Jack B. Healey, Insurance Agent; Ira Kirkorian, builder; and Herbert Shadle, former member of the County Board of Supervisors, Mrs. Maude L. Hyde, Campbell Country Woman's Club, and John Faber, Campbell Memorial Chapel.

Harmon explained, "The city needs Fairchild's experience. His unquestionable integrity and ability to arbitrate make him invaluable as a member of the City Council."

The election is slated for Tuesday, April 14. Three seats on the Campbell City Council will be vacated. Mayor Peter Lico and Councilman Henry Weitzel have not filed for re-election. Dr. Edward J. Rogers, the incumbent, is seeking another term on the Council.

Campbell students report the news!

Editorial

Our responsibility

Because of some of our editorials we have been given the devil by some at City Hall. Our problem is that it runs off like water off a duck's back. We think we have a good reason for it, and it's not because we think we are right in our views, but because we have a deep feeling of responsibility. We can still remember our first editorial since taking over the helm here at The Press, our promise to our readers.

We hear complaints of the apathetic attitude of the citizens of Campbell. We are among those complainants. However, we also realize that Campbell is no different than other communities, people in the state and no different from the mass of people in the nation. It seems to be the American way. For this reason alone, if for no other, the newspapers exist. We feel that the citizens depend on the Press to be the watch dog. True, we may sometimes bark needlessly. But, in our opinion, it is better to have been warned about something "trivial" than not to have been warned at all.

We owe nothing to the five City Councilmen. The City fathers owe us nothing. Each of them has a job to do. We think we know ours. When we disagree the citizens get the best, when we agree the citizens get the best. This is our sole aim. As long as the City Hall accepts this spirit, we can foresee no problems. We are all working toward the same goal. A better Campbell for each of us to live in. To work for less than this we ask to be left out.

Campbell has existed for many years, and it will continue long after we leave, but during our stay we (the members of the community) deserve to seek the best accommodations. In our opinion, The Press has stood for these principals for over sixty years. It will continue, with your support and interest.

EASTER MESSAGE
(continued from page 1)

is good to "bust" loose and let the whole world share in the spiritual roots of human living. Bring out the costumes, strike up the band, hold a parade! This is worth a celebration. Let joy ring out all over the place. It would be a sad day if this were lost.

Second - Easter strikes home. It emphasizes what surely is the greatest message of inspiration mankind has ever known. It makes bold to proclaim the triumph of life over death. L. P. Jacks, noted English philosopher and essayist, put it this way. "The conquest of death is the final achievement of religion. No religion is worth its name unless it can prove itself more than a match for death... Christianity came into the world as a death-conquering religion."

This is the great big truth that is proclaimed at Easter time. And this will not stay pent up within the confines of four walls of a church. This has to break loose upon the world and into the hearts and minds of men everywhere. So, do not let all the noise and pageantry, or even commercialism, fool you. Easter is worth every bit of it.

Letters to the Editor

March 22, 1964
Editor:
Campbell Press
Dear Sir:

Thank you for your courageous editorial supporting the view of a majority of the home-owners in the Latimer Park area. We couldn't agree more with you that a "first order of business" for the new Council should be to re-examine the whole matter of planning and zoning in the city.

The signatures on the petitions which we presented to the Council came from voters in all sections of the City. They did not come simply from the residents of the Latimer Park area. We felt the signatures and their distribution from all sections of the City demonstrated rather clearly the important nature of the decision being made.

The decision made by the Council affected more than our immediate area. It affected land in area where the new Expressway will intersect Campbell Avenue. The precedent set will also make plans to re-vitalize Campbell Avenue's shopping district rather unrealistic. Why invest in Campbell Avenue when apparently new shopping districts will spring up on both Hamilton and Campbell Avenues in the vicinity of the new expressway.

We were also concerned that in this important decision two councilmen who voted with the three-member majority were "lame-duck" councilmen, serving their next to last meetings on the Council.

Thank you again for your editorial.

REPRESENTATIVE IN CONGRESS
TENTH DISTRICT, CALIFORNIA

On Monday, March 16, President Johnson sent Congress his message declaring war on poverty. Its title appeals to humanitarian instincts, but careful examination of its contents reveals a mere continuation of several existing programs and the resurrection of others which were used in the emergency of the 1929 depression and were later abandoned as useless in an affluent society. In many respects the Johnson war on poverty is the most incredible step backward which might be taken in the field of social legislation.

Manpower training, vocational education and federal programs to assist in upgrading human skills are presently in existence. They are successful programs which hardly deserve to be impounded in cobwebs with ideas which failed long ago. The "Job Corps" is little more than a revival of the old CCC camps which served a temporary purpose during the depression. In modern times when many young people are looking for an excuse to drop out of school, the Job Corps could provide the very incentive for them to become drop-outs. It would be far better to induce labor unions and management to offer part-time apprenticeships and jobs to young people on the condition that they remain in school. With the independence and maturity which comes with earning power, one of the prime motivations for dropping out of school would be replaced with an incentive.

The program to provide federal funds for part-time jobs for students in college is a revival of the old National Youth Administration (NYA) of New Deal days. To me it is unbelievable that in the midst of our most prosperous era we find it necessary to revive a social tool we discarded thirty years ago.

Though it is advertised that plans to fight poverty will be local in nature, one paragraph of the President's message is contradictory. It says: "When these plans are approved by the Office of Economic Opportunity, the federal government will finance up to 90% of the additional cost...". Should we, as exponents of the free enterprise system, establish a "commissar" of economic opportunity?

Ten days ago the Defense Department refused to lease an abandoned military installation for use by a non-profit, privately operated California vocational school for boys who would receive pre-apprentice type instruction. Two days later Secretary McNamara announced that he had offered unused military installations as camps for the proposed Job Corps. It seems that to receive federal support a local idea must be funneled through federal planners.

We would all like to join a war on pockets of poverty by attacking the roots of the problem. But, we don't need federal regimentation. We do need to improve the skills of the poor, give them hope, and excite incentive.

One final thought: Everyone is talking about this as the most prosperous year in our history. If we must now bring back the old CCC camp and reactivate other alphabet agencies of the depression, I wonder what will happen if times get tough.

ABOARD SHIP

Charles L. Dyer, fireman, USN, son of Mr. and Mrs. Marvin H. Dyer of 250 Shamrock Dr., and Kenneth L. Mendosa, seaman, USN, son of Mr. and Mrs. W. Mendosa of 87 "B" st., both of Campbell, are serving aboard the attack aircraft carrier USS Coral Sea, operating out of Alameda, Calif.

Coral Sea is currently conducting refresher training and carrier landings in preparation for deployment to the Far East.

During the deployment she will call at such ports as Pearl Harbor, Hawaii; Yokosuka, Japan; Hong Kong and ports in the Philippine Islands.

SOCIAL SECURITY

Questions and Answers

U.S. DEPARTMENT OF HEALTH, EDUCATION, AND WELFARE
SOCIAL SECURITY ADMINISTRATION

By Gladstone A. Boquist
Field Representative

Q. -I expect to move in the near future. How can I make sure that my social security retirement check will get to me at my new address?

A. -You should report your new address to the Social Security Administration as early as possible. If your change of address is received early in the month, there should be no delay in the delivery of your next check. You should also notify your Post Office of your change of address.

Q.-My teen-age daughter has been promised a job this summer working as a carhop. She needs her social security number before she can start working, but has lost her card. How can she get another card?

A. -She should apply for a duplicate account number card. Applications for duplicate cards are available at any Social Security District Office or Post Office.

Q. -I am 68 and self-employed. My net earnings are usually over $4800 each year; however, there are always one or more months in the year when I don't work at all. Would it do any good to file for social security payments now?

A. -Yes. Benefits can be paid for any month in which you do not work, regardless of your total earnings for the year.

Q.-My father is past 72 but still farming and has an income of over $7,000 each year. Must he wait until he retires from farming before filing for his social security?

A. -No. He should file a claim immediately, as benefits can be paid to him beginning at age 72, whether he is retired or not.

Baby saved by mother's action

Little Patricia Ramey was in good shape this week, thanks to the quick thinking of her mother, Mrs. Marina Ramey, 187 Carlyn Avenue, Campbell. Year-old Patricia fell into the family swimming pool last Wednesday afternoon. Mrs. Ramey heard her daughter splash into the pool and ran to her rescue. She applied mouth to mouth resuscitation. When the Campbell Fire Department arrived.

Students report work of local planning dept.

By Alan Liss

In their meeting of March 23, the Campbell City Council approved numerous issues relating to improvement of the City of Campbell. A predominant issue was the Local Improvement District, Number 4, (L. I. D. 4) in which the issues of a $182,535 bond issue, several street plans and the continuation of proceedings towards rezoning particular areas in the city were discussed and passed.

A county-wide plan, called 701, was acknowledged to the Campbell City Council by a Mr. Leon Pollard. City and County cooperation was requested

Fire Marshall Gene Borden gave the infant oxygen on the lawn at the family home. The little girl regained consciousness on the way to Campbell Community Hospital.

"She did a wonderful job, and undoubtedly saved her daughter's life," Borden said of Mrs. Ramey.

Public asked opinion on WVJC location

DUANE HANN
and FRANK DOETSCH

DOETSCH

We thought it would be interesting to ask some of Campbell's residents what they thought about the West Valley Junior College and its location. We did this by going through Campbell and just asking people at random. Here are some of their views:

John G. Stewart: When asked what he thought of the college's temporary location Mr. Stewart replied, "I don't think the grammar school is big enough and more money should be appropriated." Mr. Stewart is in favor of the college and feels that "Junior college is becoming a must."

Edward Tonini, teacher in Campbell: Mr. Tonini is in favor of the junior college although it might present a traffic problem. He feels that Campbell will grow and prosper with the college in its vicinity.

FADE-FREE ALUMINUM BUILDINGS... IN BLACK, GRAY OR COLORS?

Only a few years ago, the use of new and dramatic anodized colors in aluminum curtain walls and other building components was virtually prohibited because of sun-fading.

But today, for striking new building designs such as Houston's 33-story Tennessee Building (above), architects can confidently specify any of ten rich colors ranging from black to the glowing amber used in the Tennessee Building—Kalcolor® architectural aluminum developed and patented by KAISER ALUMINUM. It is the first anodic finish in a range of colors for architectural aluminum whose colors are proved sunfast in actual commercial use.

The revolutionary Kalcolor process was developed and perfected by following the two basic steps our corporation takes to serve its customers: First, find a need—in this case, the need expressed by many architects for truly sunfast colors in architectural aluminum.

Second, fill it—we began with an idea for an electrochemical process which would achieve color on the surface of the metal without the use of dyes, we lab-tested and field-proved it for years before anyone built with it, and we licensed the process worldwide to make the beauty of Kalcolor products available to architects everywhere.

Find a need. Fill it.
With this way of working, KAISER ALUMINUM is contributing more useful product innovations—and giving more customers better service—every day.

Last chance to enter Miss Campbell contest

Final arrangements for the Miss Campbell contest were announced this week by members of the Miss Campbell committee headed by Chairman Ken Stephenson. This year, according to the wishes of numerous Campbell residents, the Miss Campbell contest has been limited to residents of the city of Campbell, but local support has been very disappointing. This has necessitated some changes in the plans for the Miss Campbell presentations.

Deadline for entries has been extended to midnight, March 27, with the emphasise on personality and poise, rather than talent. Screening of the Miss Campbell contestants will take place on March 30, at which time members of the Miss Campbell committee will meet with the entries and pictures taken. During the month of April, the candidates for the title will be guests at a dinner with the judges, and on April 23, during the Fashion Show at the annual Chamber of Commerce luncheon, the final judging will be made and Miss Campbell will be crowned.

Picture posters of the various candidates will be displayed in the sponsoring merchants windows during April and an excellent turnout is expected for the second annual luncheon Fashion Show at the Villa Felice, Thursday, April 23.

The deadline for entries will be this Friday and a last minute call has gone out by the Campbell Chamber of Commerce for all prospective candidates to fill out the forms available at the Chamber office, 33 North Third Street. Support your city and show the rest of Santa Clara Valley that Campbell really does have the prettiest and nicest girls in the valley.

Del Mar students

The Home Economics Department of Del Mar High School, has been selected as a runner-up in Seventeen Magazine's new nationwide "Homemaking Party of the Year" Contest.

The department's winning party, "Christmas Open House," which had Christmas creations as its theme and involved all the home economics students in the school, was chosen from entries submitted by junior and senior high school homemaking classes and clubs from all 50 states.

CUB SCOUTS

On March 4th Den #3, Pack 377 at Cherry Lane School, with their den mother, Mrs. Lela Ageson, went on a Heritage Hike. The den's first stop was at the home of Mrs. E.A. Howe, one of the first den mothers in Campbell and America. The Cubs presented Mrs. Howe with a basket of flowers.

The den stopped next at the Teddy Roosevelt Redwood Tree. The den continued on to the Campbell Museum, where they learned about Campbell's heritage.

Miss Kathleen Hyde

Kathleen Hyde to marry Earl Israel Jr. May 31

Mr. and Mrs. Homer Hyde, 116 Alice Avenue, have announced the engagement of their eldest daughter, Kathleen, to Earl R. Israel Jr. The young couple have set May 31st as their wedding date with the vow exchange to be solemnized at St. Mary's Church in Los Gatos.

The bride-to-be is a member of a prominent, pioneer Campbell family. She is the granddaughter of Mrs. Maud Hyde of Alice Avenue and the late Ralph H. Hyde and the great granddaughter of the late Mr. and Mrs. George Henry Hyde of Campbell, founders of the Campbell Water Company. She is a graduate of Campbell High School and is presently employed in San Jose.

Earl is the son of Mr. and Mrs. Earl R. Israel Sr. of Concord, California, formerly of Sheridan, Wyoming. He is a graduate of Sheridan High School and recently completed a tour of duty with the US Army in Wiesbaden, Germany. He is employed in San Jose as assistant manager of Fry's Food Store.

IN KOREA

Army Specialist Four Richard K. McNeill, 27, whose wife, Brigietta, lives at 119 Wilton dr., Campbell, was assigned to the 7th Infantry Division in Korea, March 7.

Specialist McNeill, a military policeman in the division's 7th Military Police Company, entered the Army in 1953 and was last stationed at Fort Eustis, Va.

Something new: men's fashion show tomorrow

The Chamber of Commerce presents something new—a male fashion show. The Board of Directors and other members will model summer ensembles, business attire, and casual clothes, all supplied by local clothiers. For spice and variety, plus comedy, there will be the Gold Dust Twins and the latest version of the Beatles, the well-dressed gardener, and other surprises which promise some entertainment.

This event will be held during the monthly luncheon at the Villa Felice, tomorrow, Thursday, March 26. For last minute reservations—call the Chamber office, 378-6252. Special invitation to wives and secretaries.

Mrs. Hulsey to preside over Castro PTA

Mrs. Marvin Hulsey is the new president of Elvira Castro Junior High School for the 1964-65 term. She succeeds Mrs. Edwin Phillips. Other officers elected were Mrs. Bernard Kelly, first vice president; Frank Lavoi, second vice president; Mrs. Watson Taylor, third vice president; Mrs. Joseph Robuck, recording secretary; Mrs. Carl Mattison, corresponding secretary; Mrs. William Jensen, treasurer; Mrs. Charles Brooks, historian, Leon Epps, auditor, and Robert Blake, parliamentarian.

A panel of students and parents held a discussion on Junior High School life at the last meeting. Keith Gray, an eighth grade teacher, was the moderator. Students participating were Winnie Yabbie, Sue Sommers, Nick Heldt and Bill Cartmill. Parents on the panel were Mrs. Dale Murray and Jack Ebner. This meeting was especially enjoyed by the students attending.

Mrs. Leete to address Repub. women

Mrs. Charles Leete will be the speaker at the luncheon meeting of the West Valley Republican Women, Thursday March 26. Mrs. Leete, who is regional vice chairman of the northern division of the California Federation of Republican Women, was a delegate to the recent convention of the California Republican Assembly in Fresno. She has chosen as her subject "The History of the Republican Party". The luncheon will be at 12:00 p.m. at Los Gatos Lodge. For those not wishing to attend the luncheon the meeting begins at 1:00 p.m.

ORDINANCE NO. 448

BEING AN ORDINANCE ADDING SECTION 2307 ET SEQ TO CHAPTER 3 OF ARTICLE II OF THE CAMPBELL MUNICIPAL CODE, ENTITLED "ADMINISTRATION", TO PROVIDE ANNUAL BUDGET PROCEDURES.

The City Council of the City of Campbell does ordain as follows:

SECTION 1. That there be added to Chapter 3 of Article II of the Campbell Municipal Code, entitled "Administration", the following sections and provisions establishing annual budget procedures.

Section 2307. Preparation of Budget.

(a) On or before the first day of June of each year the City Manager shall prepare a budget for the ensuing fiscal year. This budget shall contain the accounts as set forth in the Annual Report of the City Clerk to the State Controller. Each account shall contain the following information:

1. Actual receipts for the past months of the current year and anticipated receipts for the coming months of the current year.
2. Actual expenditures for the past months of the current fiscal year and anticipated expenditures for the coming months of the current fiscal year.
3. Estimated receipts for the ensuing fiscal year.
4. Estimated expenditures for the ensuing fiscal year.

(b) The budget shall list total receipts and anticipated receipts from taxation and sources other than taxation, and total expenditures and anticipated expenditures for the current year. It shall also list total estimated receipts from taxation and sources other than taxation and total estimated expenditures for the ensuing fiscal year. In addition, the budget shall list all anticipated unencumbered cash balances at the end of current year.

Section 2308. Public Inspection. Three copies of the Preliminary Fiscal Budget under consideration with the estimated receipts and expenditures of the City shall be available for public inspection in the City Clerk's Office on or before June 1.

Section 2309. Public Hearings. The City Council shall hold a public hearing at their first regular meeting in June. The Council shall hear any protests or objections to the proposed expenditures from interested persons, also hear explanations regarding same from the City Manager.

Section 2310. Adoption of Budget. The Council shall adopt a final budget as originally proposed or as amended prior to July 1.

Section 2311. Tax Rate. The tax rate for the ensuing fiscal year, after making due allowance for the anticipated revenues from other sources, shall be based on the adopted budget. The resolution or ordinance levying taxes shall specify the number of cents or fraction thereof on each one hundred dollars valuation, to be levied for the ordinary annual requirements of all departments. Also, the Ordinance or Resolution levying taxes shall specify the number of cents or fraction thereof, for specific purposes, and the number of cents or fraction thereof necessary to meet the interest and principal on outstanding bonds and special taxes voted by the people.

Section 2311. Expenditure Control. It shall be the duty of the City Manager to control the expenditures of each department in accordance with the budget.

Plans to alter Grammar school for JC proceed

Trustees of the West Valley Junior College District have tentatively approved $192,455 to be spent in remodeling the Campbell Grammar School to prepare it for use as a temporary college by next September. New fixtures valued at approximately $36,000 can be removed later to permanent facilities, Dr. Wallace Hall said.

The temporary campus will include three portable classroom units, to be used as an admission office, district administration offices and a student book store. The district's architects, Higgins and Root, will present final plans at the Board's next meeting on April 2, then the plans will be sent to the State Division of Architecture for review and approval. The alterations are expected to begin in June and be completed by Sept. 7.

ADVANCED TRAINING

Navy Ensigh Charles E. Harrison, son of Mrs. Marcella C. Harrison of 1982 South Bascom ave., Campbell, is undergoing advanced flight training with Training Squadron 31 at the Naval Air Station, Corpus Christi, Tex.

A graduate of San Jose State College, Ens. Harrison entered the Navy in June 1962.

Truck route signs point to all streets

By Jim Corey

After several months of trying, the Department of Public Works has completed its task of mounting truck route signs in various parts of the City. The signs, clearly labeled 'truck route', with arrows denoting the acceptable directions, are designed to regulate the streets through which heavy vehicles may travel.

Although requests have been made for some time regarding the use of such signs, their installation has been met with both laughter and disbelief. Most citizens agree that a good thing has been overdone, because the signs are mounted without designating any specific route, i.e., at all four corners of an intersection, with arrows pointing every possible route. An interesting question posed is the total cost of the installations, as opposed to the effectiveness of the project.

Even with all the criticisms posed, the Department of Public Works has shown that they are making a serious effort to combat a problem that is becoming predominant in Campbell; that of the interim stage between small town and large city.

Any canned elephant ears?

By Marv Newland

NEWLAND

Not many chiropractors are found working in our nation's grocery stores today. A good example of one of these few is Glenn Stoops, assistant manager of Home Market.

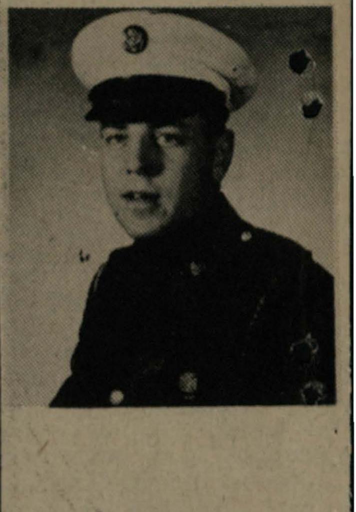
Glenn, originally from Kansas, came west to reside in the areas around here, including Watsonville, Pacific Grove and Campbell. In his first years in our area he recalls cutting apricots in and around the Campbell area, near the present day site of General Telephone.

When asked what he thought was one of Campbell's bad points he said, "Our streets are about the worst." Quite a common opinion. He likes the central location of Campbell and the growth of the city.

What are some strange or odd articles asked for in grocery stores? Canned elephant ears, canned spiders and canned ants are some of the strangest ones Mr. Stoops can recall.

His most exciting experience was getting married; his wife had just entered the conversation.

As a boy Mr. Stoops always wanted to be an aircraft pilot. Adding up the whole situation we end the interview with the pilot who went to chiropractic college to become a grocer. A fine example of a fine citizen doing his part to bring our community the food for life.



IN MILITARY POLICE

Pvt. Charles E. Roe, son of Mrs. Grace N. Roe, 1177 E. Ridgeley dr., Campbell, completed eight weeks of military police training under the Reserve Enlistment Program at the U.S. Army Training Center, Fort Gordon, Ga., March 5. During the course Roe received instruction in such subjects as civil and military law, traffic control, map reading, prisoner-of-war control and self-defense. The 21-year-old soldier is a 1960 graduate of Del Mar High School in San Jose, and attended San Jose City College.

LEGAL NOTICE

ORDINANCE NO. 447

BEING AN ORDINANCE AMENDING THE ZONING MAP OF THE CITY OF CAMPBELL, AND SETTING FORTH THE DEVELOPMENT SCHEDULE FOR PLANNED DEVELOPMENT ZONE.

The City Council of the City of Campbell does ordain as follows:

SECTION ONE. That the Latimer Neighborhood District of the Zoning Map of the City of Campbell, being part of Chapter 3, Article IX, of the Campbell Municipal Code as referred to in the Appendix of said Code, together with amendments thereto, is hereby changed and amended. Said amendments being outlined on the map attached hereto and entitled "Exhibit #1", with legal descriptions attached.

SECTION TWO. That the following conditions be adopted as a part of this proposed Planned Development Zone:

1. Conformance with Section 9126, Campbell Municipal Code.
2. Dedications as follows:
   - a. 10 feet on Latimer Avenue.
   - b. 40 feet on Livacich Drive.
   - c. 60 feet on Hamilton Avenue.
   - d. 60 feet on Loop Street
3. Storm Drain Fee in amount of $6,290.00
4. Improvement Bond for street improvements.
5. Signing of petition for Hamilton Avenue Assessment District.
6. That Exhibit "A" entitled "Elevations"; Exhibit "A-a" entitled "Plans"; Exhibit "B" entitled "Circulation Plans"; Exhibit "C" entitled "Development Schedule"; copies of which are on file in the Planning Department, be adopted by reference and hereby made a part of the Planned Development Zoning District.

PASSED AND ADOPTED this 23rd day of March, 1964, by the following roll call vote:

West Valley Junior College

By Dave Adamson

The West Valley Junior College is one of the newest of California's public institutions of higher learning. Still in its formative stages, WVJC expects to offer its freshman level classes in the Fall of 1964.

ADAMSON

This will be at Campbell Junior High School, which will serve as the temporary campus until the site for the new college can be determined and the college erected.

The college is being established to serve the high school districts of Santa Clara, Campbell, and Los Gatos, comprising the West Valley Joint Junior College District.

The college district is located on the west side of the Santa Clara Valley and is estimated to have 3,000 potential enrollees for WVJC's first classes.

The college will provide, within the community, the opportunity of higher education for West Valley's young men and women. Additionally, it will be a center of continuing learning for adults.

The college will offer regular academic studies which will meet transfer standards of any four-year college or university, for students wishing to complete a four-year program. It will offer a variety of occupational-vocational programs for students who plan to terminate formal studies after two years. Also, broad general educational courses as well as specialized preparation, including some trade and technical training will be offered.

The new college will have the best facilities, teachers and technical equipment available.

The college, when established, should be a first rate junior college, designed to meet the needs of the West Valley community. When the permanent campus is established, it should compare with any junior or city college in the state.

The case for the Roosevelt tree

By Adele Quinn

A tree grows in Campbell... but not for long. Our famed "Teddy Roosevelt tree" at the corner of Campbell and Winchester is soon to be removed to make the widening of Winchester possible.

The planning commission has seen to it that every possible way of saving the tree has been reviewed, but it has not been successful in finding one.

Karl Bohnett, former owner of the property on which the tree stands, wants to keep the tree where it is, but general public opinion is against him.

Mr. Donald Marney, of the Shell station at the corner of Campbell and Winchester, has watered the tree and dug holes to keep it alive while he has leased the property, but he realizes that if things are to progress the tree must be removed.

"If you look upon things of the past," said Mrs. Harry Greenspan of Greenspan Realty, it shouldn't be removed. But if you look upon the present, it should. Is anything the same? Are children the same? A tree like that should not be on a street corner." She suggested transplanting it in a memorial park.

The tree itself was planted by Teddy Roosevelt on a visit to the coast May 11, 1903. He explained that it was a symbol of forest conservation saying, "I do not know of anything that bids better for our material well being than tree culture, and I know nothing among the many things that the National Grange has done better than fostering the habits of caring for the forests where they exist and the planting of new trees."

But as one man was quoted as saying recently, "The redwoods that took God thousands of years to create have been decimated by man in the last century to the point where they are nearly extinct. The idea of saving one tree is ridiculous."

Students report work of local planning dept.

By Vicki Gregory and Pat Wells

Three main projects are coming up for the City Planning Commission in the near future which will concern our immediate area.

WELLS

Campbell Avenue is going to develop into a four lane road from Winchester Blvd. and the area in front of the tennis courts of Campbell High School.

GREGORY

The new street is now planned to run as far as Hunt Way, but plans are not as yet complete for extending farther.

The County Public Works Department is going to assist in widening San Tomas Creek. This is done through a drainage bond which thus far has raised 1/2 million dollars. The Creek will be more able to cope with the flooding in that area.

The third and most important project is the connecting of the two segments of Hamilton Avenue. This project will get under way once the signatures are obtained from the necessary land owners. It is estimated that the extension of this road will carry about 36,000 cars its first day open and reduce the traffic on Campbell Ave. to one-half.

Westmont High School to open

By Dick Turner

Campbell Union High School district announces a new arrival: Westmont High School. Forty acres; 1500 students are the statistics. The new school is located on Westmont Avenue near San Tomas Creek across the street from the school farm.

Westmont will accommodate all the students in the southwestern sector of the district, taking students from both Campbell High and Blackford High for its student body.

TURNER

Westmont is going to be equipped with two gymnasiums (one for boys and one for girls) and two swimming pools (one competative and one diving tank.) For the convenience of the people of the area, the swimming pools will be ready in June for the summer recreation program.

None of the school's administrators or teachers have been chosen as yet, but they are expected to be by the middle of April. After this takes place, the prospective students of Westmont will get together to choose their school mascot and colors. The students will also elect their student body officers, cheerleaders and song-girls.

Rain calls tourney

The Annual Hill Invitational Easter Tournament met with disaster this year as a spring rain storm washed-out all but the first of the games. Twenty-two schools were entered in this tourney with Campbell High being one of the participants. Campbell placed second in this tournament last year and was a strong favorite in this year's contest. The remaining games in the tournament are cancelled with no replaying expected.

Campbell youth learns workinge of Police Dept.

By Pat Hartigan

Have you ever wondered how a report is handled in our Police Department?

Lt. Carl Arnold described the process in the following way: when a call or report on a crime or on an accident comes into the station, the clerk takes down all of the information. Then, on a direct line through County Communications she notifies an officer on duty. Arriving at the scene, the officer makes a report on the case. This report is written out in long hand and later recorded. The recorded copy of the report is sent back to the station where it is transcribed by the clerk on duty. It is then filed in the Police station.

Regarding the question of whether or not an officer should patrol alone or with a partner, Lt. Arnold stated, "Both ways have good and bad points." He mentioned that an officer patroling alone is more alert and stands less chance of being harmed, but he also thinks that two police officers have less chance of being jumped by a group of boys than if they were patroling alone.

The Campbell Police Department now has about one officer per one-thousand residents in Campbell. This number is expected to increase 25% each year with the population growth.

Thanks in part to our fine Police force, Campbell has one of the lowest major crime rates in Santa Clara County.

Men of Public Works dept. have varied jobs

By Donna Chambers

Are you aware that 13 men develop and maintain everything between the curb and the center of the street in our town of Campbell? It's true; they do this and even more.

CHAMBERS

Under the supervision of Leroy R. Black, 13 men make up the street Division of the Campbell Public Works. These men install and maintain storm drains, and traffic signs, put up and remove the Christmas decorations and Old Settlers Day signs, do all street paving, and patching, and take care of all flood control and emergency work.

These "work men of the city" also take into stride the job of constructing, enlarging and maintaining Campbell's public parks.

At present, the Street Division, aided by the Campbell Rotary Club, is building a park and playground on Virginia and Budd Avenues. This new Virginia Park will be completed and ready for its dedication by April 1.

Phase one has been completed on the Campbell Park located on Campbell Avenue. Plans for three more phases are being made to enlarge and better the park.

One pony league baseball diamond is the starter for Rincon Park which will someday be located on Rincon and Dot Avenues. There is no master plan for this park as yet.

The Campbell Public Works has also worked very closely with the Campbell District schools through the years.

In the words of Superintendent, Leroy Black, "the main thing is to operate within a budget."

Scouting: Baseball ctyle

By Mike Okabe

On Tuesday, Marc 10, I was given th privilege of interview ing one of Campbell' most prominent citi zens.

Working as a distribu tor of built-in product for ne homes Rober Burto leads rathe active li as a part time scout for th Houston Colt .45' Baseball Club.

OKABE

Burton was born o January 20, 1913 i Butte Montana, an later finished his hig school career as graduate of Fremon High School in Oakland Mr. Burton and hi family moved to the cit of Campbell in 1958 where they have bee residents ever since.

As a part time scou for the Houston Baseball Club, he is able t view many of the future up-and-coming stars i the world of baseball. Scouting for this section of the Santa Clara Valley, Mr. Burton attends many high school and college baseball games in search of fresh, young, dedicated ball players. When asked his opinion on the young baseball players in this area, his reply was, "We feel that Santa Clara Valley is producing the finest prospects anywhere." He was also quoted as saying, "We never discourage a boy from going to school, because we realize how important an education really is."

Being a man with a fairly heavy schedule, Mr. Burton considers scouting more or less a chance to meet many different and interesting people, rather than a job. This being his first year on the Houston Club, he replied, "The Houston Colts are a fresh and fairly new baseball team, but the prospects are rising as the seasons progress."

On the local scene, Mr. Burton feels that both the San Jose and Campbell City Councils are keeping up with the job needed to satisfy the rapidly growing population.

Buc Horsehiders launch season; defeat Wilcox

By Gary Papa

The Campbell High varsity baseball team has successfully launched its 1964 season by defeating its first three opponents.

The Bucs opening encounter was with Wilcox High School. After disposing of Wilcox by the score of 7-1, victories quickly followed over Irvington and Soquel.

PAPA

Leading the Buc's hitting attack through these opening games have been Murray Hall, Gary Papa, Craig Adams, and Ronnie Wilson.

Sharing the pitching duties this season will be Murray Hall, Pat Hartigan and Bob Fancher. All three of them have turned in commendable performances in the opening games.

The Buc varsity is among the list of favorites to capture the sixth annual Lion's Club Invitational Baseball Tournament being held over Easter vacation. The Bucs finished second in this tourney last year out of 22 entries.

Other players heavily counted on for help this year for the Bucs are: Ranny Baldinger, Randy Knight, Junior Rodrigues, and Gary Talbort.

Sports

By ALAN LISS

Varsity track team completes five events

By Linda Flynn

The Varsity Track team has just completed five events of this year's inter-squad pentathlon. The winners and their events are as follows: Mike Mullins, 880 yard run; Dick Jones, 100 yard dash; Carlos Zaragosa, shot put; Drew Struzan, broad jump; Dick Jones, high jump.

FLYNN

The preceding are all record holders in their respective events.

Froch-soph team win two in row

By Mike Jones

In the second non-league game of the season, Campbell High's Frosh-Soph baseball team made it two in a row by beating Del Mar 5 to 1. The game was played Thursday, March 18, on the winner's field.

Sophomore pitcher Doug Hahn started the game for Campbell, pitching only four innings, he recorded eight strikeouts.

Shimzu and Tahaha came up with fine hits for Campbell, a triple and double respectively.

JONES

Del Mar's only run came in the second inning when Ramerey belted Hahn's first pitch over the left field fence. The losing pitcher was Black.

Campbell golf team loses

By Chip Lorch

Thursday, March 12th, Campbell High golfers were defeated by the Fremont "stickers" in a practice match at La Rinconada. However, since this was their first outing of the year, they are still a little shaky and better results are sure to come.

LORCH

Competing in this match were Dennis Taku, Les Wheeler, Duane Peterson, Jim Corroll. These players were chosen after Campbell's coach, Bert Robinson, observed and evaluated twenty-six candidates. Also chosen, as alternates were Ted Raymond and Jon Schoenals. This year's outcome could be very big since Taku, Wheeler, Wynne, and Schoenals are returning from last year's squad.

Some of the scores shot in the practice meet were Taku's 42, Peterson's 44, Raymond's 43, and Taylor's 44, at La Rinconada, (par 35). Wynne shot a 37 at Cambrian Park (par 36).

As the season progresses, it is a certainty that the team will do better than on its first outing. Eventually, almost all the players will be shooting 75's on par 70 or 72 courses.

Right now, however, these practice matches are just a tuneup for league competition.

Smaller boys form new "C" swimming team

By Bob DuBoise

Something new has been added to the athletic department of Campbell High and the W.V.A.L. (West Valley Athletic League). It is the "C" division in swimming. Now, along with Varsity and "B" swimming, there will be "C"'s. These divisions are designated by an athlete's age, weight, and height, which are figured into exponets.

The "C" division will be made up of smaller boys. This is good because it will give the smaller boy a chance for experience before he competes with the bigger, more experienced boys. Coaches can build teams for the future from these younger boys.

This year, Campbell's first "C" team looks pretty good. Some boys are Tom De Martini, Paul Wagner, Casey Betti, Bruce Anderson, and Harv Henslemen. All of these boys are freshmen except Harv, who is a sophomore.

DU BOISE

Campbell's "C"'s lost their first meet to Blackford, in a close meet, 35 to 27. But against Leigh they came back with their first victory.

The events are about the same as in the other divisions. The distances in the same events are shorter. Diving is not a "C" event.

The outlook for the season is good. Coach Augenstein is in favor of the new division. But there are a few disadvantages. The team is bigger, it is harder to work out and the meets take longer. Besides these disadvantages, the "C" division looks as if it is here to stay.

Campbell's netmen record three wins

By Jeff Smith

Not a team to stop at two wins, Campbell's metmen recorded their third straight win in three matches. On Thursday, March 19, the tennis team traveled to Blackford for a practice match. Except for three players who had to change on the bus, the trip was fairly dull and routine.

SMITH

Starting things off was Jeff McKinley, who lost his first match of the year to Lipton of Blackford, 6-2 7-5. Our second loss came from Pinky Rietman, also previously undefeated, to Bertrand of Blackford by a score o. 6-3 6-3. Mike Baker had better luck though, winning 7-5 6-3 over Millet of Blackford. This makes him the only still undefeated singles player on the team. Carlos Lara also came out on the winning end over Whitten of Blackford by a score of 7-5 6-3. Jeff Smith had the easiest match of the day, beating England of Blackford 6-3 6-1.

The doubles came swinging into action and came out winning, as usual. First doubles, this time Bob Burton and Terry Snider, won 6-3 6-3 over Clark and Russell of Blackford. This is the third straight win for the first doubles. Second doubles, Charlie Cordova and John Melvin, played the only three set match, but made this a comeback as they beat Blackford's Sutton and Webster 5-7 6-1 6-2.

This put the final score at 5-2 in favor of Campbell, and their season record so far at three wins and no losses. The coaches of this team, Mr. Sampson and Mr. Bell, deserve credit too, since they are the ones who have put the team in shape.

The next match is the Tuesday after Easter vacation, March 31, at San Jose High School.

ABOARD USS NOA

Alan P. Apgar, seaman, USN, son of Mr. and Mrs. Carl Apgar of 1107 Normandy dr., Campbell, is serving aboard the destroyer USS NOA presently operating in the Mediterannean as a unit of the Sixth Fleet.

Noa, which normally operates out of Mayport, Fla., recently completed exercises with other units of the Sixth Fleet and units from other NATO

Want to drag?

By Pat Buddington

The "Pit Shop", owned by Walt, Marsh, and Steve Bauer, has been set up on Campbell Avenue where the old Post Office was once located.

BUDDINGTON

Instead of containing letters and packages, the ex Post Office now contains $5,000 worth of valuable tracks. These cars, with many varieties and body styles, are run on electrically wired tracks. There are small tracks scaled to a 1/2 mile with a large track scaled to 1 mile, having the Grand Prix design. All of these tracks are equipped with six lanes.

The "Pit Shop" sells all the necessary materials for building these cars. They may also be purchased preassembled.

Motoring these scale models is becoming very popular with all ages.

Bees manager wants running club

As the San Jose Bees opened drills in Anaheim this week, manager Rocky Bridges, a veteran of 11 years in the majors, made it clear he'd like to come up with a running ball club.

"Naturally I'll have to see what type material we have, but I was up in the Dodger organization and running was stressed," he explained. "I like that style. We'll try to get everybody on the move--it's more interesting that way, unless you have somebody who can hit a 'jillion' home runs.

"But for every home run that won a game there have been singles that won many more."

As for overall strategy, Bridges said: "I've played for such managers as Charles Dressen, Birdie Tebbetts, Cookie Lavagetto and Bill Rigney and I just hope some of their talent has rubbed off.

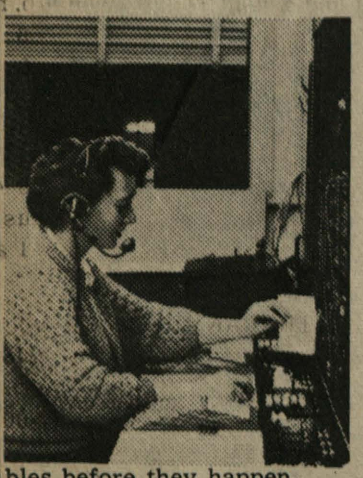
"I rate Rigney and Dressen as two of the best. They are enthusiastic 24-hour baseball men—they don't just play the game at the ballpark. They play the full load."

The new Bees pilot lists golf as his chief hobby, but he won't be doing much of it as the California League opener against the Bakersfield Bears on Tuesday night, April 21 in Municipal Stadium.

"My golf handicap is no ability," the quip-quick mentor said. "My game goes from bad to worse. I have a little slice. If they built courses in a circle I'd be in good shape."

what's doing?

Here's a comforting thought for the people of Campbell: tonight, when you switch off your lights, your telephone will stay on. There's always an operator likePatricia Eichhord (at left) ready to give you a number in a hurry, or lend a helping hand in an emergency. And there are test crews and repairmen on the job, too. They check telephone circuits and equipment while you sleep; often fixing troubles before they happen.



Chances are you won't need your phone after you turn out the lights tonight. But isn't it nice to know that it's there if you need it, ready and waiting?

• • •

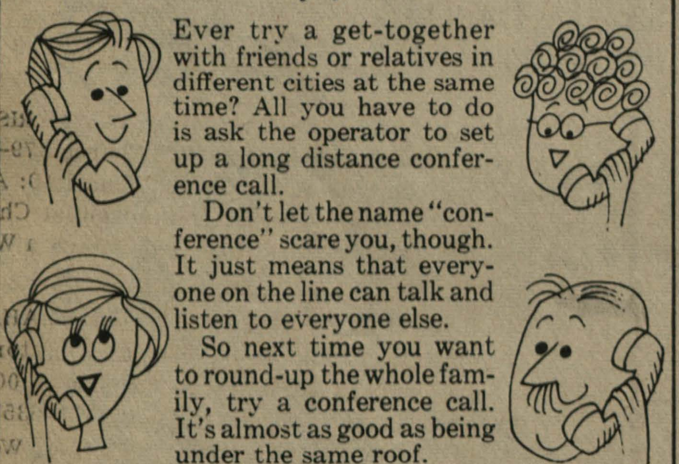
No need to jot down often-called phone numbers on easy-to-lose scrap of paper. We have a Personal Phone Directory for you to keep those numbers safe and handy. Want a copy? It's free . . . just give us a call at 288-9000 or pick one up at our Business Office 1650 Warburton, Santa Clara.

• • •

Ever try a get-together with friends or relatives in different cities at the same time? All you have to do is ask the operator to set up a long distance conference call.

Don't let the name "conference" scare you, though. It just means that everyone on the line can talk and listen to everyone else.

So next time you want to round-up the whole family, try a conference call. It's almost as good as being under the same roof.



Eighty-eight years ago this month, the first telephone patent was issued to Alexander Graham Bell. When you realize the millions of phones you can call today, I guess you'd say it's one invention that's here to stay.

• • •

Here are two mighty important dates you'll want to jot down: April 9—This is *the deadline date for registering* to vote in the California Primary Election. If you haven't registered, why not do it soon, so you can help select those candidates you think best qualified.

June 2—*Election Day*—the day to exercise your priceless privilege and responsibility to vote.

LEGAL NOTICE

RESOLUTION NO. 1648

BEING A RESOLUTION AND NOTICE OF INTENTION TO ANNEX CERTAIN UNINHABITED TERRITORY CONTIGUOUS TO CITY OF CAMPBELL DESIGNATED AS SAN TOMAS 1963-12 ANNEXATION TO CITY OF CAMPBELL, AND FIXING TIME AND PLACE OF HEARING PURSUANT TO PROVISIONS OF ANNEXATION OF UNINHABITED TERRITORY ACT OF 1939, AS AMENDED.

WHEREAS, the City Council of City of Campbell has received a written petition from the owners of not less than one-fourth (¼) of the area and of the assessed value of certain contiguous uninhabited territory, according to the last preceding equalized assessment roll of the County of Santa Clara, State of California, in which such territory is situated; and,

WHEREAS, said petition requests the annexation of said uninhabited territory as defined in the Government Code of California, to the City of Campbell, a municipal corporation; and,

WHEREAS, the proposal for the annexation of said uninhabited territory to the City of Campbell has been submitted to the Boundary Commission of the County of Santa Clara, State of California, and that the boundaries thereof have been approved and certified as to their correctness by said Boundary Commission; and,

WHEREAS, the City Council finds and determines that it is for the best interest and general welfare of the people of the City of Campbell that said property referred to and hereinafter particularly described, be annexed to the City of Campbell;

WHEREAS, the City Council desires to designate said annexation as San Tomas 1963-12 Annexation to the City of Campbell as the approximate name by which said annexation shall hereafter be referred; and,

WHEREAS, the City Council desires to annex the said territory to the City of Campbell, California; and,

WHEREAS, there has been compliance with all other statutory requirements provided by the "Annexation of Uninhabited Territory Act of 1939", as amended,

NOW, THEREFORE, BE IT RESOLVED by the City Council of the City of Campbell that it is its intention to annex to said City pursuant to the provisions of the Annexation of Uninhabited Territory Act of 1939, as amended, the territory commonly known and designated as San Tomas 1963-12 Annexation to the City of Campbell, the description of which is set forth in Exhibit "A" entitled "Description for San Tomas 1963-12 Annexation to the City of Campbell", which is attached hereto and made a part hereof.

BE IT FURTHER RESOLVED, AND NOTICE IS HEREBY GIVEN, that Monday the 27th day of April, 1964 at 8:00 p.m. of said day at the Council Chambers of City of Campbell, in the City Hall, 75 North Central Avenue in City of Campbell, are hereby fixed as the time and place for the hearing of written protests and objections to the said proposed annexation, which said protests shall state the names of all of the owners of the property affected, and the description and area of the property in general terms; and

BE IT FURTHER RESOLVED that a copy of the Resolution and Notice be published once a week for two successive weeks in The Campbell Press, a newspaper of general circulation, published in said City, and once a week for two successive weeks, in the Los Gatos Times-Saratoga Observer, a newspaper of general circulation, published in the County of Santa Clara, California, and that the City Clerk forthwith mail a written notice of the proposed annexation to each person to whom land within the territory proposed to be annexed is assessed in the last equalized county assessment roll or as known to said Clerk and to any person who has filed his name and address of the lands in which he has any interest, either legal or equitable with said Clerk.

PASSED AND ADOPTED this 9th day of March, 1964, by the following vote:

AYES: Councilmen: Doetsch, McElroy, Rogers, Weitzel, Lico
NOES: Councilmen: None
ABSENT: Councilmen: None
APPROVED:
PETER B. LICO
Mayor
ATTEST:
DOROTHY TREVETHAN
City Clerk

DESCRIPTION OF LANDS PROPOSED TO BE ANNEXED TO THE CITY OF CAMPBELL.

SAN TOMAS 1963-12

BEGINNING at the point of intersection of the centerline of Hacienda Avenue, 60 feet wide, with the southerly prolongation of the easterly line of the lands deeded to Joel H. & Dolores Butler on October 28, 1957, in Book 3923, Page 440, O. R. *, said point being the point of beginning;

THENCE northerly along said easterly line and said southerly prolongation of said easterly line thereof, to the northeasterly corner of said lands of Butler;

THENCE westerly along the northerly line of said lands of Butler to the northeasterly corner of the lands deeded to Raymond S. & Lorraine N. Franks on February 5, 1952, in Book 2360, Page 153, O. R. *;

THENCE westerly along the northerly line of said lands of Franks to the northeasterly corner of the lands deeded to Lavern G. & Barbara Gagliasso on April 18, 1955 in Book 3144, Page 605, O. R. *;

THENCE westerly along the northerly line of said lands of Gagliasso to the northeasterly corner of the lands deeded to Bernice A. Ackerman on December 23, 1962, in Book 5847, Page 305, O. R. *;

THENCE westerly along the northerly line of said lands of Ackerman to the northeasterly corner of the lands deeded to Marshall S. Davis on February 21, 1951, in Book 2157, Page 25, O. R. *;

THENCE westerly along the northerly line of said lands of Davis to the northeasterly corner of the lands deeded to Kenneth R. & Patricia A. Wilson on October 14, 1946, in Book 1399, Page 58, O. R. *;

THENCE westerly along the northerly line of said lands of Wilson to the northeasterly corner of the lands deeded to Norman R. & Frances E. Karnes on January 6, 1956, in Book 3379, Page 480, O. R. *;

THENCE westerly along the northerly line thereof to the northwesterly corner of said lands of Karnes;

THENCE southerly along the westerly line and the southerly prolongation of the westerly line of said lands of Karnes to the point of intersection with the aforementioned centerline of Hacienda Avenue;

THENCE easterly along said centerline of Hacienda Avenue and a northerly City Limits line of the City of Campbell, as established by Campbell Annexation 1962-9, Ordinance #412, passed and adopted on March 11, 1963, to the point of beginning.

CERTIFICATE OF INDIVIDUAL DOING BUSINESS UNDER FICTITIOUS NAME

KNOW ALL MEN BY THESE PRESENTS:

I, the undersigned, William J. Brown do hereby certify:

That my name in full is William Johnson Brown and that my place of residence is 2280 Central Park Drive Campbell, California;

That I am transacting business in the State of California under the fictitious name of CAMPBELL OFFICE MACHINE COMPANY; that I am the sole owner and proprietor of said business; that my principal place of business under said name is situated at 530 E. Campbell Ave Campbell, California

IN WITNESS WHEREOF I have hereunto set my hand this 26th day of February, 1964.

WILLIAM J. BROWN

STATE OF CALIFORNIA)
County of Santa Clara) ss

On this 26th day of February in the year one thousand nine hundred and sixty four, before me, Edward H. Bealer, a Notary Public, State of California, duly commissioned and sworn, personally appeared William J. Brown, known to me to be the person whose name is subscribed to the within instrument, and acknowledged to me that he executed the same.

IN WITNESS WHEREOF I have hereunto set my hand and affixed my official seal in the said County of Santa Clara, the day and year in this certificate first above written.

EDWARD H. BEALER
Notary Public, State of California. My Commission expires May 9, 1967.

Pub. March 4, 11, 18, 25, 1964

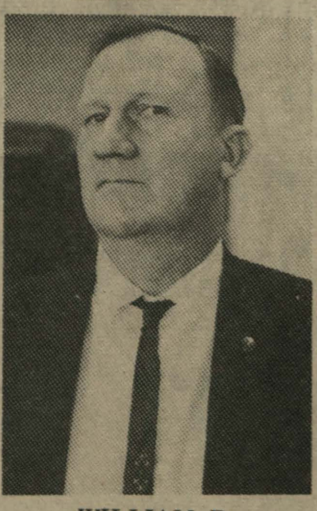
(cont'd from last week)

village-type specialty center which can become a source of pride to Campbell's citizens and a profitable venture for the merchants.

c) Shopping Centers. The construction of future shopping centers in Campbell should be studied very carefully lest we overbuild and thus endanger the struggling downtown area and those shopping centers which have already been established.

d) Streets. Excellent work has already been done in widening and surfacing streets in Campbell. More street work has already been programmed such as the west Hamilton Avenue cut through. When this is finished, it should relieve Campbell Avenue of much traffic. Certainly projects like these must be continued throughout the city. However, it is my view that the old downtown residential street area especially needs attention. We have streets there that badly need surfacing but cannot receive proper attention because there are no curbs and, for that matter, no sidewalks either. I feel that a systematic campaign to put in curbs, gutters, sidewalks and paving is a must. The rehabilitation of these old residential streets should dove-tail perfectly with the uplifting of the downtown shopping area.

Since Campbell is "our home" let us build it into a thing of beauty. It can be done.



WILLIAM P. MERTSCHING

It is my belief that if Americans want to continue to enjoy their liberties that they have so long cherished in the past they must participate in the various activities of self government, such as running for councilman in the City of Campbell.

My campaign promises will be based on the thought: MAXIMUM SERVICES RENDERED AT THE MINIMUM COST WITH THE MAXIMUM OF PERSONAL LIBERTIES RETAINED

My individual aims are:

1. A trash disposal area or transfer station in the City of Campbell.
2. More recreational facilities to include a hut for use by adults for checkers, chess and card playing.
3. Help for election officials by backing a "vote tabulating device" sponsored by our County Registrar of Voters.
4. Our downtown city merchant structure would benefit from a study to determine the feasability of a south off-ramp at Hi-way 17 and Campbell Avenue.

Russian class at Campbell

By Graeme Auton

Howard Allen, the German teacher at Campbell High School, has been conducting an after school Russian language class every Friday 2:35 p.m. for the past three years. The class consists of ten foreign language students, all of whom are doing reasonably well ("B" average and above) in their German, French, Spanish or Latin classes.

"The primary aim of this course," says Mr. Allen, "is to teach conscientious language students the fundamentals of the Russian Language. In our shrinking world it is absolutely necessary for us to understand the customs and people of other nations."

AUTON

All students who are taking a foreign language at Campbell High may attend the classes, and there is no special award or reward for attending but the knowledge gained. Basic mechanics of the Russian language, as well as a few simple phrases, are taught, and the students learn to read and write using the Cyrillic alphabet.

The program has, so far, been a success. It offers the enthusiastic language student an opportunity to expand his knowledge in that field, and to become better acquainted with the customs of the Russian people.

Girl Scouts

Junior Girl Scout Troop 1030 of Quito School, during the month of February, enjoyed a Cookout at Oak Meadow Park on the 12th and an Indoor Overnight at the Eunice Higgins Sunnyvale Scout House on the 28.

At the cookout the girls built fires and then cooked their lunch, using foil cookery. The girls were led on a bird hike by Mrs. Davis and Mrs. Zwal, members of the Audubon Society.

On the overnight, the Scouts acquainted with sleeping equipment, kitchen and clean-up kapers, entertaining each other and staying away from home overnight.

Leaders of the troop are Mrs. J. Ballard and Mrs. U. Lind.

Mrs. W. St. Germain and Mrs. H. Boynton helped at the cookout.

Mrs. M. Dainte and Mrs. J. Eshbaugh stayed with the girls on the overnight.

Girls participating in the activities were Debbie Boats, Donna Dorcich, Jeanette Douglass, Christine Eshbaugh, Carolann Espino, Dawn Garretson, Becky Johnson, Keri Kensinger, Laurie Kinley, Margaret Lewis, Nancy Lind, Dorothy Neal, Peri Olsen, Jean Pacier, Janet Queen, Jacqueline Sewell, Karen St. Germain, Ranell Slankard, Paula Tevis, Elaine Segura, Linda Fretwell, and Carrie Boynton.

Recent activities of Junior Girl Scout Troop 558 included a trip to Villa Montalvo on February 5th, a cookout at the home of the leader, Mrs. A. Rice Jr., on February 12th, and a trip to the First Aid Station on March 4th.

On the trip to Villa Montalvo the Scouts observed the architecture and grounds of Senator Philan's estate and the art exhibits. The girls then hiked on the trails around the estate and made sketches of things that were of interest to them.

At the cookout the girls learned outdoor fire safety, various forms of outdoor cookery, and how to set up a complete camp properly.

Scouts working on the Community Safety Badge made the trip to the First Aid Station where Miss A. Ucovich informed the girls of the history and purpose of the First Aid Station and the Poison Control Center (one of the few in California).

These trips were made possible by the wonderful cooperation of the many mothers who provided the transportation.

Girls participating in these activities were: Ginger Alexander, Christina Baker, Leslie Bebout, Robin Biddle, Amy Boehme, Sharon Burns, Debbie Carr, Carol Carr, Sandra Cebrian, Cynthia Childs, Florence Clapes, Merilee Curtis, Connie Falcon, Bonnie Jo Faulkner, Patty Fischer, Sharri Ford, Barbara Garcia, Elanor Garcia, Nancy Garcia, Vickie Gregg, Bernice Griffith, Mary Louise Guerra, Lori Guy, Ann Helderman, Deborah Hively, Brenda Ivey, Allison James, Pamela Kesner, Pamela Kimpson, Jean Marie La Velle, Patti Lax, Lorian Lindberg, Laurie McGammon, Barbara McGuire, Lorna McGuire, Eileen McNaughton, Deborah Mark, Rita Martinez, Joy Michalek, Terril Ann Moregoot, Judy O'Donnel, Andrea Oltman, Pamela Pennington, Alanie Rawlinson, Barbara Ruhnke, Linda Sapp, Christine Silva, Peggy Slagel, Liane Smith, Donna Stensny, Judy Taylor, Michele Thatcher, Judy Tiffany, Claudia Watson, Coleen Zelmar, and Michele Zelmar.

Leaders of the troop are Mesdames A. Rice Jr., T. Thatcher, R. Garcia, R. Kimpson, and U. Zelmar.

Campbell churches to hold Easter services

Campbell churches will observe the resurrection of Christ with special Easter services next Sunday. The First Methodist Church, 1675 Winchester Blvd., will hold three services on Easter Sunday, at 7:30, 9:00 and 10:30 a.m. Music will be provided by the combined choirs and Rev. William H. Gould will give an address entitled "Festival of the Forward Look."

The Congregational Church of Campbell, 400 West Campbell Avenue, will also hold three morning services at 8, 9:30 and 11:15 a.m. on Easter Sunday. Special music will be offered by the combined choirs and there will be crib room care, but no school classes except for the preschoolers and the kindergarteners. Rev. Ed Cunningham and Rev. V.F. Deditius will both address the congregation.

The First Baptist Church of Campbell, 400 Llewellyn Avenue, will hold two Easter Sunday services at 8:30 a.m. and 11:30 a.m. Sunday School classes also will be held. Rev. Harry M. Liechty Jr. is the pastor.

The Valley Neighborhood Church, Camden Avenue at South Bascom, will conduct Easter services at 11 a.m. Pastor Harold W. Smith will give a sermon entitled "The Realities of the Resurrection." Sunday evening at 7 o'clock the Valley Neighborhood Church choir will present the Easter Cantata by John Peterson, "Hallelujah, What a Saviour!" The public is cordially invited to take part in these Easter services.

The Festival of Easter will be celebrated with three services at Zion Lutheran Church, corner of Payne and Eden Avenue. Services will be held at 6:00, 8:30 and 11:00 a.m. Choir music will enhance the services and Pastor R.B. Wiederanders will preach on "Ressurection and Life" from John 11:25-27. Zion Church invites the community to these and other services of worship.

St. Lucy's Catholic Church, 2350 Winchester Blvd., will hold an evening mass and procession on Thursday at 6:30 p.m.

BOY'S PET LOST

A recently clipped grey poodle answering to the name of "Pal" has been lost from the home of Mr. and Mrs. Clifford Nelson, 1631 La Pradera, Campbell. "Pal" is the special pet of nine year old Steve Nelson, the youngster who has been hospitalized since falling from a 40 foot pine tree about six weeks ago. Steve is home from the hospital and regaining the use of his limbs and the dog is his constant companion. Anyone finding the poodle is asked to call Mrs. Nelson at 379-2333. The dog was wearing a red collar with the name and address of the owner printed on the inside. The dog has been clipped in the latest fashion and has long ears.

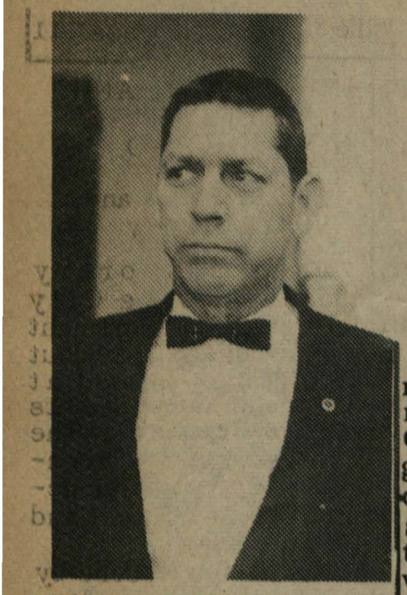
Political Parade

City Council election, Tuesday, April 14



ELMER BLAKEY

Gentlemen:

In response to your letter of February 24, 1964, asking my thoughts with regard to certain issues, I should like to submit the following:

1. What do you think of Campbell's Park Program?

Ans. The park program is sound and with its completion, the city will have a very worthwhile recreation facility; I believe that the major or most costly portions of the program should be provided for at this time since the cost of a similar program would be prohibitive in years to come.

2. What do you think of the Corporation Yard?

Ans. To anyone driving past Campbell on Route 17 Freeway it is readily apparent that the present Corporation Yard is discordant. The unsightlyness can be eliminated by masking with a fence of trees and shrubs or by removing the Corporation Yard to an area that is less in the public eye.

3. What is your opinion on Campbell's future?

Ans. Campbell's future is limited only by the energy, volition and determination of its citizens.

4. What do you suggest for Campbell Avenue?

Ans. As a road it is of prime importance to remove the through traffic from Campbell Avenue, since it is not capable of supporting excessive vehicular traffic. When this is done it can then be rebuilt with reasonable assurance that the Avenue will remain in good repair. As a business district; Removal of the heavy through traffic from Campbell Avenue will help to induce shoppers to the downtown area.

5. Why do you want the job?

Ans. Primarily due to civic interest and desire to help shape the community in which my family lives.

6. What do you think of the present administration?

Ans. As a whole it is disorganized and unresponsive to the voice of the people.

7. In your opinion what are Campbell's problems and how do you propose to solve them?

Ans. a. Traffic congestion in the downtown area, alleviated by opening Hamilton Avenue.

b. The traffic hazard at the intersection of San Tomas and Campbell Avenues, relieved by signalizing.

c. Lack of consideration of the needs of our Senior Citizens, helped by including them in the recreation program.

Sincerely,
ELMER BLAKEY

EDWARD H. BEALER

This is in reply to your letter of February 20, 1964, in which you had outlined seven questions that you would like to have answered the candidates for nomination of Councilman for the City of Campbell. I will be glad to answer these questions that I have some knowledge of, but those that I do not, I will abstain from answering at this time.

EDWARD H. BEALER

Question#1: What do you think of Campbell's park program? I feel that the park that is now available is the start of better things to come. I do think that the park location is not the real answer because of the growth of population that is forthcoming to the City of Campbell. I feel that the recreational facilities properly managed and supervised is a great asset to the community.

Question#2: What do you think of the Corporation yard? This is something that I have not followed too closely. I am just now getting the highlights of the pros and cons on this yard. I would like to have more time to go into this.

Question#3: What is your opinion of Campbell's future? I feel that Campbell is growing at a great rate of speed and will be largest in the area in not too long to come, in population, industry and schools, and it will far surpass anything in the valley in all categories. I would like to see more industry welcomed so that there would be more local employment for the people that are moving in. More rezoning should be reviewed carefully to see that we are using our facilities of transportation and convenience. Because of the rate that this area is growing, it will soon be as hazardous on the road between here and San Jose as it is now going up to Mountain View and Palo Alto. So I feel that industry here for the type of people we have for employees, should be moving into this area, to take up some of the transportation hazards on the freeway.

Question#4: What do you suggest for Campbell Avenue? Well, there is one problem for sure on Campbell Avenue and this is the speed of thru traffic. On Hamilton Avenue there are three signal lights between the Freeway and Winchester Road. This slows down traffic when people are going home, so the next best thing is to turn off and get on Campbell Avenue because there are no lights and they can go right on through as if it was a thoroughfare. I feel that if something can't be done to direct the traffic away from Campbell Avenue, there should be lights at intervals so it won't be so suggestive for people to drive through at a rate of speed that they cannot stop and do their shopping. People that do stop to shop should be able to go on their way without the chance of being hurt by a passing motorist.

Question#5: Why do you want the job? I feel that my associations with the people of the Campbell area has given me the proper education and perspective needed to help solve the problems developing from the growth of Campbell along with its administrative and general managing problems. I would be real happy to be honored to serve the people of Campbell who have been so gracious and kind to me while developing my insurance agency. I would be happy to offer to the City of Campbell any knowledge and experience I may have toward solving the problems in the growth of Campbell and assisting and working with the people who have individual problems in this complex society.

Question#7: I have previously outlined in the above questions two of the biggest questions in Campbell, that is traffic and industry. I am certain that we must control the traffic problem and we must facilitate ourselves to accommodate as much industry as we possibly can, to promote and develop the growth of Campbell. Due to the complexity of modern society, problems can develop very quickly and changes have to meet the problems in a short time. These problems will have to be solved day by day, week by week, month by month and year by year, when they are recognized. If I am elected, I must remember to think of the majority and not the minority of the people of the City of Campbell.

I want to thank you very much for your kindness and consideration.

Sincerely yours,
EDWARD H. BEALER

WILLIAM S. SMEED

The City of Campbell is one of the fastest growing cities in the West Valley, and needs responsible leadership in government to adequately plan and provide for its growth and progress.

I have been an Attorney at Law for the past seven years. I feel my background in the law is important in the decisions of city government dealing with fiscal problems of our city, various types of legislation, planning, etc.

Being a member of the Planning Commission for the past three years, and its chairman for the past six months, I have gained a great deal of experience in dealing with the zoning and related problems of our city.

With my experience as an Attorney at Law and a Planning Commissioner, I feel I am qualified to serve as your city Councilman.

I have taken other active interests in our city affairs which include the following: Sister City Committee, Youth Guidance Committee, Conducting bicycle court, Hamilton Area Improvement Assoc., Campbell Chamber of Commerce and Dover Home and School Club.

There are many problem areas of our city that need immediate attention, particularly in the areas of Park Development Program, Downtown Campbell, Beautification of our city, Financial Responsibility, Adequate city services, and citizen interest in city problems.

I feel confident that as a member of the city council I could generate enthusiasm and interest in the citizens of our community to help solve Campbell's problems, thus enabling our city to progress and go forward.

The editor of the Campbell Press has proposed the following questions to each candidate:

(1) What do you think of Campbell's Park Program?

The program is inadequate to serve the needs of our city, but it is a step in the right direction. The park and its facilities must be expanded to meet the growing needs of this city. Immediate steps should be taken to develop Rincon Avenue park and also phase #2 of the Campbell City park. I would also encourage service groups in our city to promote projects for the development of our parks.

WILLIAM S. SMEED

(2) What do you think of the Corporation Yard?

I do not like the location selected because it does not enhance the beauty of our city, but distracts from it with regard to the view from Highway 17. If at all possible I would recommend the location to be changed.

(3) What is your opinion on Campbell's future?

The progress and growth is unlimited if there is an active interest by the citizens of the community. I would encourage and foster more citizens committees as well as home owner groups within our city to recommend their needs and desires to make this the outstanding city in the West Valley.

(4) What do you suggest for Campbell Avenue?

Campbell Avenue needs beautification. Street resurfacing is imperative. There is a definate need for an off-street parking program as well as traffic signals at the intersection of Central and Campbell Avenue. I believe that the Chamber of Commerce and the downtown merchants should rejuvenate the avenue. The city of Campbell should cooperate and encourage the merchants and property owners on Campbell Avenue to make improvements realizing their financial responsibility to the rest of the tax payers of our city.

(5) What do you think of the present administration?

In general, the present administration has shown a certain amount of progress, however, there are some areas that have not received the proper attention. Primarily the condition of the streets, acting upon the report of the downtown committee, parks and recreation. Further more in my opinion there should be closer liason between the Planning Commission and the City Council. I would recommend that the Council and Commission have joint meetings at least once a month to discuss the various zoning and related problems.

(6) Why do you want the job?

I was born and raised in the city of Campbell and attended local schools. After finishing college and majoring in Political Science I graduated from Law School. I then returned to Campbell where I now reside with my wife and children. I have taken an active interest in our city and am even more interested in the future of Campbell. I believe that my legal experience and knowledge would contribute to the legislative processes of our city government. While progress is important the rights of the individual must at all times be protected.

(7) In your opinion what are Campbell's problems and how do you propose to solve them?

The general disinterest of the citizens is one of the greatest problems. There is no magic formula, but with effort, confidence and cooperation of our citizens, Campbell can truly serve the hub of the West Valley.

WILLIAM S. SMEED

Galen K. Dean College accountant

Galen K. Dean, controller for Pick Enterprises, Saratoga, has been named chief accountant for West Valley Junior College, effective March 16, Dr. Wallace W. Hall, WVJC president has announced.

Dean, 51, of 263 Mark Twain Ct., Santa Clara, was appointed last night at a meeting of the board of trustees. A resident of the San Jose area since 1955, he joined Pick Enterprises in 1957 after serving two years as office manager and chief accountant for Standard Radio and Television Corp. (KNTV), San Jose. Dean has been engaged in accounting and office managerial work since 1937.

He has a BA degree from Willamette University, Salem, Oregon, with a major in accounting, and has taken advanced course work at the University of Washington and the University of Santa Clara.

Dean is a member of the National Office Management Assn., the National Accounting

Added population causes need for imported water

By Debby Shutte

SHUTTE

One of the world's major problems of today is insufficient water. In the past ten years the population of the Santa Clara Valley has increased by 80%. Due to this great need for water, the Santa Clara Valley Water Conservation District will be adding approximately eighty-eight thousand acre-feet of imported water to locally developed water. Imported deliveries will come from the South Bay Aqueduct and the Pacheco Pass Aqueduct. Other sources of water contributing to the Santa Clara Valley include the water salvaged from winter rains by the District in its reservoirs, natural percolation in uncontrolled streams, and San Francisco's Hetch Hetchy system. According to engineering reports by the State and Federal agencies, "the combination of a source of imported water from the south, together with the source of water from the north, should provide ample water supplies for the next sixty years."

At the present many people are unaware of the district. The dams and ten reservoirs catch and store the winter rainfall. From the reservoirs it is released and transported by the canals and pipelines to percolation areas. In these percolation areas the water is percolated into aquifer layers where it is pumped out when needed. This is merely a brief explanation and does not include the complex problems which arise that the district must cope with, such as the fire caused silt that clogs percolation ponds, and soil erosion.

STUDENT INTERVIEWS COUNCIL CANDIDATE SMEED

As a candidate for Campbell city council, William S. Smeed is interested in the growth and development of this city. He believes that the areas of parks and streets are of primary importance, and that other areas should take a backseat to these if necessary. He is currently the Chairman of the Planning Commission.

Mr. Smeed is an Attorney-at-Law. He attended Campbell schools and went to college and law school at the University of Santa Clara. He is married and has three children. As a member and chairman of the Planning Commission he believes he has shown an interest in Campbell and has a good background of the city's problems. Mr. Smeed wants to see Campbell keep pace with the other cities and communities in this county.

Western garb to be worn during Old Settlers week

According to Campbell Fire Chief George Maxwell, Campbell firemen will respond to all calls during the Old Settlers' Celebration week, May 14-17, wearing the official uniform of the week, Western garb complete with cowboy boots and plaid shirts. Maxwell, committee chairman for the job of encouraging and aiding all Campbell citizens to "go Western" during the annual 72nd celebration, stated that it was not to soon to be thinking of what to wear during the event.

The "Western garb" week will be officially launched May 10 when Campbell will be the honored city at the Municipal Baseball Stadium in San Jose when the Bee's will meet the Salinas team. During the week all Campbell merchants, members of the Campbell Chamber of Commerce and city personnel will be encouraged to appear in Western clothing. Plaid shirts, six-shooters, big hats and Levis will be accepted garb for both sexes or the women may dig up grandmother's dress with its bustles and bows to wear to work or shop in. In case grandmother is too young, the period dress is supposed to be prior to 1900. It is also hoped that the merchants of the town will dress their windows in the spirit of the occasion. Ira Kirkorian is serving as assistant coordinator with Billy Wilson as consultant.

With Maxwell, on the costume committee, is Lee Neal, Warren Clark and Captain William Morgan, all of the Fire Department.

City's growth indicated by Campbell library

By Jim Corey

The growth of the City of Campbell in the past few years can perhaps best be illustrated by the growth in its library. The Campbell Public Library, run by the Santa Clara County Library Department, is located at Central and Campbell Avenues. In years past, the library used a portion of the Women's Club hall, but a demand for improved facilities required the move to its present location.

The best example

The best example of the use the library receives is the twenty-five thousand volumes processed each month. Lately, six hundred new checkout cards per month have been issued.

In keeping with the demands for improved services, the library recently added a photo-copying machine. With this new machine whole pages of reference books may be duplicated, and source materials formerly unavailable may be checked out. The cost for the service will be minimal, costing perhaps twenty-five cents.

Presently, the library is preparing for National Library Week, April 12 through 16. Scheduled for the week will be a Books and Authors Luncheon, to be held the sixteenth at the Villa Felice. Authors from the surrounding area will be present.

Fireman's first job is safety

BY MIKE MARIDON and

Cats stuck in trees, kids locked in closets, and polishing brass bells are not the usual duties of a fireman in the city of Campbell; however, sitting in a comfortable chair playing cards all day isn't in the schedule either. The members of the Campbell Fire Department are a hard working group of men. Proof of this statement lies in the fact that they have for the past two years, placed in the upper five in the state in fire prevention. Last year our Department placed second in the state for its class and first over all. This year they fell to fourth in the state. When asked why, the Captain said, "Somebody spent some money, we didn't."

-BOSLER

These figures are arrived at by judging done on the basis of man hours spent and the "scrap book" which each fire company keeps.

One of the things foremost in the minds of the fireman in the Campbell Company is safety. This department has never lost a man and has even gone so far as to set its own speed laws. Forty-five is the maximum speed for a fire truck in Campbell, and in areas of congestion the speed is reduced to thirty-five.

Duty starts for a fireman at 7:00 a.m. The men spend 24 hours on duty and 24 hours off. First thing done in the morning is full equipment check. Then comes "house cleaning" followed by another equipment check. The men can turn in after 8:00 p.m., and according to fireman Wixon, they seldom stay up past 10:00.

Of course the excitement comes when the men respond to a call which sometimes gives them some practice without property damage. This call is in the form of false alarms and crank calls.

Once a thorn in the side of proper fire fighting, boundary disputes are no longer a problem to the modern fire department. The fire districts are well defined, but if a doubt arises during a fire, there is no waiting. The first engine to arrive fights the fire. All the vehicles in the department have a large amount of assorted fire-fighting and rescue equipment. Each truck carries a resuscitator. The large engines come with 1200 feet of 2 1/2 inch hose and 5000 gallons of water which is pumped at 1000 gallons per minute. The water in the engine is usually enough to put out any fire, but for safety's sake the engine is always hooked to a fire plug.

Fire fighting is the bad side of working for the department; jobs such as home inspection are more pleasant. Campbell offers a free inspection to home-owners in an attempt to promote better home fire safety.

Campbell's Art Department one of best in valley

By Jim Hanna

Campbell High School's Art Department is considered one of the best in the valley. John Quigley, who heads the department, is highly concerned that student be motivated to work his best.

Campbell's art classes are divided into four years of work. The first year is quite rigorous since students are busy learning basic skills of art. One learns color theory, design, lettering and so on.

The third year is quite liberal. One begins to take longer on his work. Art is like a vast, broad beach; to be studied, one must examine as many grains of sand as possible.

Fourth year art is more of a studio affair. There's very little guidance with the problems presented by the instructor.

Art students enjoy extra curricular activities such as the Art Commission and Art Honorary. This commission does all the decorations for the social functions that the school puts on. It has done all the work on the play Oklahoma! which the students put on for the public.

The second is Art Honorary. This group is a highly social group. Students give talks at art gatherings and quite often make trips to San Francisco art galleries.

Through the arts, man transmits and shares ideas, emotions, opinions, beliefs, yearnings, fear, hopes and joys.

What! No bubble gum?

By Alan Liss

For those who feel that high school athletes should be "idolized" in trading cards, here is the first set of "High School Stars."

CHS-PAT HARTIGAN-Baseball

Pat is an exceptionally fine football player but an even better baseball player. Last year he won all of the league baseball games as a pitcher and hit for a .413 average.

Height 5' 10 1/2"
Weight 165 Age 17
Batting Average .413
Year in School Junior

CHS-MURRAY HALL-Baseball

Murray was the Varsity football quarterback, starting forward for the basketball team, and star Varsity pitcher. Last year he made the All League baseball team while only a Junior.

Height 6' 2"
Weight 200 Age 17
Batting Average .343
Year in School Senior

CHS-TOM GIBBONS-Football

Tom was the right-hand of the one-two punch for the Campbell Varsity footballers, making the All League football team this year. Tom also excells in track, ranking high in the nation in the triple-jump.

Height 6' 1"
Weight 175 Age 17
Total Yardage 1300
Year in School Senior

CHS-BOB BURTON-Basketball

Bob was the "might-might" of the B basketball team. While missing a majority of the games of the season, he still placed on the All League team, honorable mention. This year he easily placed in this team.

Height 5' 9" Age 18
Weight 140 Points 500
Year in School Senior

March 18-Fire in vacant lot, 850 San Tomas, children with matches.

March 20-Fire in gutter, 2115 Winchester Blvd.

March 20-Lock-out, 1685 Whitwood Lane, Apt. No. 1.

March 21-Fire in building, 418 Calado Avenue, overheated pan on stove.

March 22-Wire down in rain, 540 W. Campbell Avenue.

Police Sgt. says narcotics no problem here

By Glenna Stone

Sgt. Ronald Eddleman, of the Campbell Police department, says that the public is misinformed as far as heroin and marajuana are concerned.

The use of marajuana does not create a physiological need for heroin. According to Sgt. Eddleman, marajuana is only the means of a pusher to get his victims in a position to where they can't resist heroin. Environment is a main factor in making a person a drug addict.

STONE

As an example: A man, named Mr. X, has a fight with Mrs. X in the privacy of their home. Mr. X leaves the house and goes out to drown his sorrows in a glass of beer at the corner tavern. He meets someone who is willing to listen to his tale of woe and the FRIEND offers him a solution to his problems.

The FRIEND hands him a smoke; it seems to relieve him of his problem, and he thinks marajuana is wonderful. Mr. X goes happily home, ready to face his wife and responsibilities.

After two months, Mr. and Mrs. X have another row, and again, Mr. X ends up in the corner tavern with his FRIEND.

This goes on for several months, and his FRIEND tells him, while Mr. X is under the influence of marajuana, that he has something that will make him feel like a king, in other words, heroin.

Mr. X, being easily influenced in this condition, consents to use of heroin, and becomes an addict.

Mr. X, now an addict, doesn't care about his family, or friends anymore. The only FRIEND he has are the pusher and heroin. He lives in his own little world, trying to get enough money for his habit. After awhile the "doseage increases," and with it the money required to buy it.

He cannot get money fast enough, so his FRIEND tells him, if he brings another victim to have his problems relieved, this will take care of part of the cost. Mr. X now becomes a pusher.

According to Sgt. Eddleman, narcotics is not a great problem in Campbell, which the community will be glad to know. He is not saying this to put the community at ease. People don't come up to one every day and say, "I'm an addict." As far as a person's private life is concerned, you never know. The main idea is not to take that first step.

Campbell strokes past Leigh

By Bob DuBoise

The Campbell swim team came back after last week's defeat by Blackford to beat the Leigh squad. The Bucs had 3 important swimmers sick but still won.

ENGINEERING AND PLANNING GO HAND-IN-HAND

By Pat Wells and Vicki Gregory

The temporary quarters for the City Planning Department are now in the old Scout building located at Grant and Third streets here in Campbell. The Commission itself consists of two major departments: Street and Engineering.

Annexation is done by adding the underdeveloped areas first, by having eleven registered voters in that district agree to the annexation. By annexing the smaller areas, the larger more developed areas will eventually by encompasses and will agree to annexation.

The Street Department, which deals with inspection and maintenance of city roads, has thirteen workmen. The Engineering Department has eight employees, plus the Assistant City Engineer, Mr. Wren, and the City Engineer, Mr. Hawk.

For the most part, the men do not specialize in one field, simply because we have a small city and they all must contribute to the over-all job. The staff is not large enough to have just specialists in a particular field.

When a future business establishment applies for a building permit, they have to sign an agreement stating that they will make all the necessary improvements such as paving, lights, gutters, and fire hydrants.

It depends on what you're putting *on* the line—savings or investments. If it's an investment you're making, naturally you'll want to get a high return. And most investments do pay higher returns because higher risks are involved. But where your savings are concerned, you can't afford to take chances. Most people don't. They put their money where the interest is *sure* and where the principal is *protected*—in the *bank*.

OUR TOWN

By Grace Hebard

The local high school set had to postpone their annual trek to the beach last week-end, but instead, enjoyed a day in the snow in the Santa Cruz mountains ...it was beautiful...

. . . . . .

Mr. and Mrs. Floyd Arnold, 771 Monica Lane, were thrilled to receive a personal reply to their letter of sympathy from Mrs. Jacqueline Kennedy. They are wondering if anyone else in the community has had the same honor.

. . . .

Claude R. Smith, 735 Budlawn Way, is missing from his usual stand at Surety Land Company, 376 E. Campbell Avenue. Claude has had another heart attack and is convalescing at Stanford Hospital.

. . . .

Mrs. Robert A. Stewart (Betty) 229 El Caminito Avenue, is looking forward to April 10 when she will board a jet airliner at San Francisco International airport for a nine week's vacation in Europe. She will be the guest of her brother, George Saunders, in Esens, West Germany, where he is an electronics representative for Lockheed Corporation. She expects to tour Italy, France, Germany, and Holland.

. . . .

Mr. and Mrs. W.J. (Bill) Harry, 241 Calado Avenue, were hosts to 24 relatives and friends last Friday night prior to the wedding of their nephew, Richard Carlson and Carol Hickock. The young couple, both San Jose State College students, were married in Navato, Calif. on Saturday.

. . . .

Tom Tragardt 50 Catalpa Lane, 963 graduate of Campbell High School, was named to the Dean's Honor List an San Francisco State College. Tom will be remembered for his poster he designed for the new "Campbell City Limits" sign for which the City Council awarded him a $25 U.S. Savings bond. I wonder what ever happened to that project...

. . . .

The West Valley Community Symphony Orchestra, (all local talent) will present its first concert in the Campbell High School Auditorium on Friday night, April 3rd. Did you know Reverend Edward Cunningham of the First Congregational Church plays the bass in this orchestra. Good luck to this infant ensemble!

Funeral held for John MacDonald

Requiem mass was celebrated for John R. MacDonald Sr., an inspector of machine shops for FMC Corps. He died last week in a Palo Alto hospital.

MacDonald was a Campbell resident for 33 years and resided at 119 Wilton Drive. He was born in Scotland. Surviving are his wife, Helen: four sons, John R. MacDonald. Daniel J. MacDonald, and Joseph R. MacDonald, all of San Jose, and Raymond D. MacDonald of Campbell: two daughters, Mrs. Merle Gomes and Mrs. Paul Lindholm of San Jose and 16 grandchildren. Rites were held from the Campbell Memorial Chapel, with requiem mass at St. Lucy's Church. Interment was in the Santa Clara Catholic Cemetery.

SERVICE NOTES

WITH SEVENTH FLEET

James H. Botelho, seaman, USN, son of Mr. and Mrs. Henry C. Botelho of 836 Hazel Ave., John B. Stewart, fire control technician third class, USN, son of Mr. and Mrs. B.C. Stewart of 729 Ricky ct., Robert J. Raczysnki, airman apprentice, USN, son of Mr. and Mrs. Frank S. Raczynski of 628 North Central Ave., all of Campbell, will return to San Diego, Calif., March 10 aboard the attack aircraft carrier USS Oriskany completing a tour of duty with the Seventh Fleet in the Far East.

While serving with the Seventh Fleet, Oriskany was the hub of a fast carrier striking force capable of delivering both conventional and nuclear weapons.

Oriskany's crewmembers had an opportunity to visit cities in Japan, the Philippines, Hawaii and Hong Kong.
